

**CHEM396 Biography Assignment** (don't forget page 2)

Name: \_\_\_\_\_

What classes have you taken in Chemistry/Biochemistry/Biology beyond General Chemistry (CHEM151/152)? (course numbers or names, not both)

_____	_____
_____	_____
_____	_____
_____	_____
_____	_____
_____	_____

Do you have any research experience? If so, describe briefly.

Regarding the Scientific American Article by Philip Glass, which of the 10 Unsolved Problems in Chemistry caught your attention? You may give a top three, but rank them:

- 1)
- 2)
- 3)

What are some activities you are involved in outside of classes?

What is your anticipated graduation date?

What are your future plans post-college? (It's okay to be vague if you're not sure.)

On a scale of 1 to 7 (1 being "not at all", 7 being "very much"), how well do these statements describe you?

I enjoy organizing things and dealing with nitty-gritty details.  
1      2      3      4      5      6      7

I naturally gravitate to being a leader in a group environment.  
1      2      3      4      5      6      7

I enjoy the process of writing carefully and well.  
1      2      3      4      5      6      7

I am comfortable speaking up in front of a crowd.  
1      2      3      4      5      6      7

I enjoy doing work "behind the scenes" in a group project.  
1      2      3      4      5      6      7

Anything else you'd like to tell me about yourself?
